**It is the difference that sets you apart from your competition.**

**Why repipe when you can ePIPE.**

**REMEMBER:**

**There is only one**

Protected under US Patent 7160574 and other patents pending.

## DFW Pipe Restoration performs work on prominent Dallas high-rise

“We are proud to have the Vendome in our list of completed projects”, Patrick O’Brien said. “It is a premier property in the Dallas and will bring great credibility for us in the area.”

These are not just high-rise condos. They are estate homes in the sky with exquisite finishes and

architectural details along with the most modern conveniences. There are also many amenities like a resort-style pool and three guest suites available to owners for their out of town guests.

## Copper Pipe Analysis Commissioned

Fred Farmer, of ACE DuraFlo in Sarasota, Florida, recently completed a commissioned “Copper Pipe Analysis” report for an engineering company in Orange County, Florida. The engineering company is representing a condominium association in determining the cause of failure of its copper piping system and methods that can be used to fix the problem of failing copper pipes.

## Your Ad Fund at Work

For May, we distributed over 117 ePIPE project leads to our network.
