**Why repipe when
you can ePIPE.**

REMEMBER:

There is only one

Protected under US
Patent 7160574 and
other patents pending.

ACE DuraFlo®, ePIPE® Expands Internationally and Nationally

In Spain, Pipe Restoration Technologies (PRT) completed a master licensing agreement with ACE DuraFlo España. ACE DuraFlo, ePIPE operations in Spain include service centers in Madrid, Barcelona, Zaragoza and Pamplona.

In Mexico, ACE DuraFlo entered into a license agreement with The Environ Group headquartered in Monterrey, México. Environ will distribute ACE DuraFlo and ePIPE products through its already established 8 service centers.

In Panama, PRT entered into an agreement with ACE DuraFlo, Panama who will establish a Latin American training and service center in Panama City.

Nationally, ACE DuraFlo announced a new franchise location in America's Heartland. Young's, Inc., long standing PHCC members, has serviced the Topeka, KS area for over 40 years. Young's will be offering ePIPE to their existing plumbing and HVAC customers. Welcome aboard!

ePIPE in the Navy!

The US Navy chose ACE's ePIPE technology to protect their shipboard piping system.

This project was completed in New Jersey shipyards aboard the USS Dahl, a 950 foot ship, which is deployed as part of the Navy's strategic repositioning program.
